* The Prize Guarantee Fund and the 1st prize tier each have a variable percentage prize. 60 % of the EuroMillions pot is divided between the Prize Guarantee Fund and the 1st prize tier as indicated below:

Draws in cycle	Allocation to 1 st prize tier	Allocation to Prize Guarantee Fund
From draw 1 up to and including draw 5 in a jackpot draw period (provided there is no guaranteed "Superpot" or a "Super draw" in between – see exceptions below)	50.00 %	10.00 %
From draw 6 to the last draw in the draw period (a draw period ends when the jackpot is won or a "Roll down" takes place)	42.00 %	18.00 %
Exceptions: 1) Beginning with a "Superpot" draw and ending with the last draw in this draw period, or	42.00 %	18.00 %

2) In the event of a "Super draw"
